Tabatabaii

Very well known design of the North Western parts of Iran and situated in Tabriz, this is more a style rather than an area where Carpets are woven. The Tabatabaii style is unique to Tabriz and one of the most intricate carpets of the area. Even though Tabriz Carpets are of the best in Iran in terms of quality, intricacy, attention to detail and High KPSI, the Tabatabaii carpets are also in a league of their own. The intricacy of the designs,

the attention to detail the harmony in colors and the fantastic floral or Fish designs are breath taking and hours can be spent on viewing the details and the workmanship.
