Hand made rugs often take up to two or more years to complete. These are 100% hand made with no two rugs exactly alike reflecting the rug maker's individual preferences and craftsmanship.

KASHAN is a large oasis town along the western edge of the great desert, Kevir in the province of Isfahan in west central Iran. Kashans are made from good quality wool, often using kurk wool (from the neck of lambs). The knots are extremely dense using the Persian or asymmetrical knot. The rugs of our Royal Kashan collection are hand picked from the finest Kashans. Owning one of these masterpieces will certainly be the talk of the evening.
