Hand made rugs often take up to two or more years to complete.

These are 100% hand made with no two rugs exactly alike reflecting the rug maker's individual preferences and craftsmanship.

The style of Kazar Anatolia rugs has strong influence from The Armenia traditional culture. Using Turkish double knot, locally hand spun wool and vegetable dye make these carpets one of the best in there own

category. Predominant colors used are bright red, dark blue, beige, caramel and to a lesser degree white. There are perfect for traffic areas. We are proud to present this collection for the first time. Take advantage of this offer and be one of the first owners of these stunning rugs.
